

STRATOBEL ANTI-SPALL

Laminated safety glass
with anti-spall
performance

Stratobel Anti-Spall (laminated safety glass) was specifically developed for those applications where anti-spall performance is required in order to protect people, goods and equipment. The anti-spall feature prevents spall from entering the protected zone.

When ultimate safety and security performance is required

What's so special about it?

What does this mean for you?

- | | |
|----------------------------------|---|
| Safety glass | – Laminated safety glass for people and goods |
| Excellent anti-spall performance | – No spall detaching from the laminated safety glass, in compliance with EN 15152 |
| High optical quality | – Excellent transparency
– Impeccable cleanliness |
| Suitable for insulating glazing | – Can be assembled as a glass component in insulating glazing (either exterior or interior glass sheet) |
| Specialised support and know-how | – Support offered from the design phase to integration in the customer solution |

Technical specifications

Shapes	Flat or bent
Sizes	Maximum: 1220 mm x 3000 mm depending on glass thickness
EN 15152	Yes

Processing options

Stratobel Anti-Spall is a finished product delivered in cut sizes or assembled into insulating glazing.

Availability

Stratobel Anti-Spall is available up to a total assembled thickness of 22 mm (other thicknesses and special compositions available upon request) and is assembled with Planibel Clearlite or Planibel Clearvision.

Stratobel Anti-Spall is also available in a version using toughened safety glass as the glass components or in Stratobel Therglas. Please contact us for the technical feasibility of specific thicknesses and dimensions.

Applications

- High-security applications
- Windscreens and sidelites for rolling stock (trains, trams, etc.)

AGC GLASS EUROPE, A LEADER IN FLAT GLASS

AGC Glass Europe is the European flat glass branch of AGC, the world's leading glassmaker. Its baseline, Glass Unlimited, reflects its core assets: innovative strength in advanced glass technologies, a global sales network and an industrial presence stretching from Spain to Russia. AGC Glass Europe has representatives worldwide. See www.yourglass.com for further details.
